Hear from our Placed Learners

Full Stack Development

Rahul

JavaScript Developer,
IDEA Foundation

I landed a job even after a 2-year gap in my education. The Full Stack Development Placement Guarantee Course was well-structured, comprehensive, and flexible. The industry-level projects were good. Additionally, mock interviews & viva sessions were conducted to prepare for real-world interviews.

Pratham

Front-end Web Developer,
AlgoBulls

I knew the basics but the course solidified my knowledge, especially in back-end development. The teachers were helpful & answered all our doubts. The placement team helped me with the problems I was facing in getting placed & I soon got a work-from-home placement.

Varis

Associate Web Developer,
Brimo Software Solutions

The best part of the course was the doubt-clearing sessions which helped me resolve all my queries on time. The projects are too good & the work I did on them helped me crack interviews. I have gotten 2 internships & have been selected for companies during on-campus placements too.

Ratan

Black Coffey

Even though I had independently acquired proficiency in several programming languages, I recognized the crucial need for structured guidance and mentorship to propel my career forward. Hence, I enrolled in Internshala's Full Stack Development Placement Guarantee Course, which, in my opinion, stands out as the best in the market. The program's affordability, coupled with the professionalism and expertise of the mentors, surpassed my

Gaurav

NurtureLabs

I joined the Full Stack Development Placement Guarantee Course. The course had a well-organized structure, and I particularly enjoyed the engaging projects and master classes. These practical components allowed me to build a strong portfolio and apply theoretical knowledge in real-world scenarios. Internshala's mentors were super helpful in refining my resume, offering constructive feedback for each job application. Their guidance during interview preparation was invaluable, leading to a successful interview with Nurture Labs.

What our learners are saying

Kiran Ghode

Just had a fantastic session with Kudrat Sharma team member Ishika Kumari from Internshala Trainings, diving into the Business Etiquettes!

Rabia Aleem

I want to extend my gratitude to the mentors and Kudrat Sharma who supported me every step of the way. Their encouragement and belief in my abilities have been instrumental in my success, and I'm grateful for their unwavering support.
